

LEARNING TEACHING TRAINING ACTIVITY IN COUNTRY

The **NAME OF SCHOOL** participated, between **DATE**, in a LTTA of the Erasmus+ project "Sharing Cultural Treasures", which took place at **HOSTING SCHOOL AND COUNTRY**. In addition to the host and our delegations, the remaining project partners were present: **PARTNERS**. The participants of this meeting promoted, in the various presentation sessions, the cultural treasures of their countries. The host delegation enabled several cultural activities and initiatives (**ENUMERATE ACTIVITIES**) that allowed a greater and better knowledge of local culture and way of life and a continuous social, historical and linguistic enrichment. It is worth noting the added value and positive impact of this type of projects by providing students with (**ENUMERATE ADDED VALUE AGREED ON MEETINGS**) *unique experiences and opportunities, promoting mobility, boosting learning outcomes, connecting people through cultural ties supported by a common set of values, but also learning to respect and tolerate the difference, culture and traditions of the other. For the teachers involved in the exchange of experiences, the sharing of perspectives and modes of action are the highlights of this meeting.* – **YOU MAY USE THE ITALIC AS AN EXAMPLE**
